Utah Department of Transportation

Standard Specification and Standard Drawing Contacts and Cross References

2008 Standards For Road and Bridge Construction

U.S. Standard Units (Inch-Pound Units)

Introduction

This document provides a contact area and when applicable a contact name for each Standard Specification. A phone number listing follows the specification listing.

Also listed is the related Standard Drawing Series for any Standard Specification that references a Standard Drawing Series.

Contact the appropriate area or person if you have a technical question about a particular specification.

For Web related questions contact Barry Axelrod at (801) 964-4570 or by e-mail at baxelrod@utah.gov.

Introduction

This document provides a contact name, area, and phone number for each Standard Drawing Series.

Also listed is the related Standard Specification for each Standard Drawing Series.

Contact the appropriate area or person if you have a technical question about a particular drawing.

For Web related questions contact Barry Axelrod at (801) 964-4570 or by e-mail at baxelrod@utah.gov.
